

## Online resource center

Today's Hospitalist will create a section of the Today's Hospitalist Web site that will live on the site for one year.

### What it includes:

■ **An article** covering a roundtable discussion put together by Today's Hospitalist featuring a discussion of a disease or therapy that aligns with the messaging goals of the client. The roundtable discussion will be held via WebEx and written up by Today's Hospitalist editorial staff.

■ **A collection** of related articles published by Today's Hospitalist.

■ **A bibliography** of relevant journal articles.

■ **Links** to relevant articles, tools, Web sites, studies, etc.

NOTE: The client has input on any/all content, with all posted content mutually agreed to by both parties.
